Employee Self-Service

User's Guide

Overview

This document will outline Employee Self-Service (ESS) log in information and maintenance. It will review some of the screens that your employer may give you access to. You may have each of these screens in either "view only" or "update" mode, depending on the setup requested by your employer. Here are some of the screens available:

- **Name/Address:** A screen where you may be able to view the current information or change the current information.
- **Documents:** A screen where you may be able to view any documents stored in the system based on your file (I9, W4, etc.), or where you may be able to upload documents and save them to your file.
- **Pay History:** A screen where you can view your pay stubs with all details. You are also able to view or print the stub for your records.
- **W2/ACA/1099 Forms:** A screen where you can view your W2, ACA or 1099 forms. You are also to print the form, but it is not printed on the IRS approved paper. You must contact your employer if you need an IRS approved form.
- **Training:** A screen where you can view all training completed or add any training you have completed. These types of screens are available for many HR related categories.
- **Employee Contacts:** A screen you can view employee contacts. A separate screen may be available for dependents or beneficiaries. You may be able to add and change that information.
- **Direct Deposits:** A screen where you can view your current direct deposit information or add and change that information.
- **Tax Updates Wizard:** A screen where you can view your current tax withholding and status or change the information.
- **Benefit Updates:** A screen where you can update your Deferred Compensation deduction amount, HSA amounts or direct deposit, as well as Primary Care Physician if the benefit plan is set up update.

Employee Self-Service Initial Email

Your employer will initiate a system-generated email to you upon the activation of Employee Self-Service (ESS). This email is from a no-reply email address.

You must click on the link provided in the email. Your email address is your username each time you log into ESS.

Initial Sign-on

Once you click on the link provided, the **Email** field is pre-filled.

1. Enter your **First Name** and **Last Name**.

2. Enter **Mobile Phone Number**. This is optional but recommended as it is used for text messages if you are accessing self-service from a different IP address or if you need to change your password. Note: if you don't currently have access to your phone to receive text messages, it may be better to add this later on the **My Account** screen. You are required to confirm both your email and phone number (if provided) during the registration process.

New isolated User Registration

Provide the following information to create your isolated account. You will use this account when accessing isolated People Cloud applications.

First Name Victoria	Last Name Overman
Email This will be your username for isolated isoloved.██████████	
Mobile Phone Number (Optional) Used for security verifications and notifications (212) 555-1212	

3. Create a strong **Password**. Requirements: passwords are a minimum of 12 characters (at least one lower case alpha [a-z], one upper case alpha [A-Z], one numeric [0-9], and one special character. Spaces are allowed to support the use of passphrases. Your password will not expire.
4. **Confirm Password**. Re-enter the password entered in the previous field.
5. Select a challenge question and answer.
6. Confirm the answer.
7. Click **Create Account**.

The screenshot shows a registration form with the following sections:

- Password**: A text input field with masked characters (dots).
- Password requirements:**
 - At least one digit (0-9)
 - At least one uppercase character (A-Z)
 - At least one lowercase character (a-z)
 - At least one non alphanumeric character
 - A minimum length of 12 characters
- Confirm Password**: A second text input field with masked characters.
- Choose a security challenge question**: A dropdown menu with the text "Helps validate your identity if you should forget your password".
- Answer to the challenge question**: A text input field.
- Confirm the answer to the challenge question**: A second text input field.
- Footer text**: "Once your registration is complete you will receive a confirmation email to verify your email address."
- Create Account**: A blue button at the bottom.

8. When you click **Create Account**, a screen pops up which lets you know to watch for an email to confirm your account. This is a critical step which cannot be skipped or ignored. You are not able to access self-service if you do not confirm your account.

The screenshot shows a confirmation screen with the following content:

- isolved People Cloud Account Confirmation**: The title of the screen.
- Text**: "Please validate that you are the owner of the email address for this account. You will receive a message at the email address entered with a link to confirm your account."

9. Check your inbox for the confirmation email.

10. Click the link to confirm. This takes you to a confirmation screen.
 - a. If you entered a mobile phone number during account setup, the system sends a code to your phone which must be entered on this screen. The code is valid for three minutes.

isolved People Cloud Account Verification

Thank you! Your email address on your new account has been confirmed!

Since you entered a mobile phone number previously in your account registration we will need to verify you are the owner of the number provided.
